EDUCATION

Fergusson College Master of Science, CGPA: 9.63	Jul 2024 – Jun 2026
Fergusson College Bachelor of Science, CGPA: 9.03	Jul 2021 – Jun 2024
Oasis International School Higher Secondary Certificate, 96%	Jul 2020 – Jun 2021
Sunny's Spring Dale School Secondary School Certificate, 90%	Jul 2018 – Jun 2019

PROJECTS

- Fake News Detection System | Multimodal Machine Learning**
- Built a multimodal fake news detection system combining text, image (OCR), audio (Whisper), and video inputs.
 - Used SentenceTransformer embeddings with a Random Forest classifier, achieving 95% accuracy.
 - Deployed a scalable Flask–ReactJS app with automated RSS pipelines for real-time misinformation detection.
- SmartCareer | Resume Recommender System**
- Developed a resume parsing platform to classify IT/Non-IT resumes and extract candidate skills and experience.
 - Applied Logistic Regression to predict missing skills and recommend relevant courses, certifications, and job roles.
 - Integrated the Adzuna Job API for real-time job listings and conducted ML-based skill-gap analysis.
- Electronic Medical Record (EMR) System | MERN Stack**
- Built a full-stack MERN application with the Physiotherapy Dept. to digitize patient records and improve accessibility.
 - Implemented secure image/video uploads using ReactJS for efficient consultation media capture.
 - Led frontend development, ensuring responsive UI, data validation, and centralized healthcare record management.

RESEARCH

- Scopus Indexed Journal Publication**
Pune, India
- Research Author
 - Apr 2025
 - Authored research paper "ChatGPT's Impact on Student Learning: Enhancing Education or Encouraging Dependency?", selected for publication in a Scopus Indexed Journal.
 - Collected and analyzed responses from 300+ students to study ChatGPT usage patterns and learning behavior.
 - Applied Machine Learning and statistical analysis to evaluate education outcomes and trends.

TECHNICAL SKILLS

- Programming & Languages:** Python, SQL, C (Basic)
- Machine Learning & Data Science:** Supervised Learning, Unsupervised Learning, Classification, Regression, NLP
- Libraries & Frameworks:** Pandas, NumPy, scikit-learn, Matplotlib, Seaborn, TensorFlow, Flask
- Databases & Tools:** MySQL, PostgreSQL, Git, Power BI, Tableau, VS Code, Jupyter, LaTeX
- Platforms & Operating Systems:** Windows, Linux, Raspberry Pi

CERTIFICATIONS

- AI GATI Hackathon:** Top 12 Finalist (2024): AI-based challenge participation, Machine Learning.
- Machine Learning:** Stanford University (2024): Supervised/Unsupervised learning, Neural Networks, AI.
- Data Analytics:** Google (2023): Data-driven decision-making, statistical analysis, Visualization.
- Website Design:** Internship Studio (2022): HTML, CSS, responsive web development, Frontend.

ACHIEVEMENTS AND ROLES

- Secured First Place in Avishkar (Engineering & Technology) and qualified for the State-level competition.

- Organized expert sessions, workshops, and technical events as Head of the Data Science Club, Fergusson College.
- Served as Event & Sports Coordinator at Fergusson College, managing academic, sports, and cultural events.
- Represented Pune City as a State-level Handball Player in official inter-district tournaments.

WORK EXPERIENCE

Nearverse Labs

Remote, India

- Data Analyst Intern
- Oct 2025 – Present
- Developed web scraping pipelines to extract cricket statistics from ESPNcricinfo for Play11's NFT platform.
- Built team scoring algorithms using statistical modeling and Monte Carlo simulations for performance analysis.
- Designed NFT card tier system through percentile-based classification and data-driven variance optimization.
