EDUCATION

Fergusson College	Jul 2024 – Jun 2026
Master of Science, CGPA: 9.63	
Fergusson College	Jul 2021 – Jun 2024
Bachelor of Science, CGPA: 9.03	
Oasis International School	Jul 2020 – Jun 2021
Higher Secondary Certificate, 96%	
Sunny's Spring Dale School	Jul 2018 – Jun 2019
Secondary School Certificate, 90%	

PROJECTS

- Fake News Detection System | Multimodal Machine Learning**
- Developed a multimodal fake news detection system with text, image (OCR), audio (Whisper), and video inputs.
 - Utilized SentenceTransformer embeddings with a Random Forest classifier, achieving 95% accuracy.
 - Deployed the solution as a scalable Flask-ReactJS web application for real-time accessibility.
 - Integrated RSS news feeds via automated pipelines to ensure continuous misinformation detection.
- SmartCareer | Resume Recommender System**
- Developed a resume parsing platform to classify IT/Non-IT resumes and extract candidate skills and experience.
 - Applied Logistic Regression to predict missing skills, recommend certifications/courses, and suggest job roles.
 - Integrated the Adzuna Job API to fetch real-time job listings with recruiter-focused candidate-job matching.
 - Improved employability and recruiter decision-making through ML-based skill-gap analysis.
- Electronic Medical Record (EMR) System | MERN Stack, in Collaboration with Physiotherapy Dept.**
- Built a full-stack MERN application to digitize physiotherapy records and improve accessibility of patient data.
 - Implemented image and video upload features with ReactJS components for efficient consultation media capture.
 - Led frontend development with ReactJS, ensuring responsive design, validation, and seamless record submission.
 - Enhanced healthcare data management through secure, centralized, and accessible electronic medical records.

RESEARCH

- Scopus Indexed Journal Publication**
Pune, India
- Research Author
 - Apr 2025
 - Authored research paper "ChatGPT's Impact on Student Learning: Enhancing Education or Encouraging Dependency?", selected for publication in a Scopus Indexed Journal.
 - Collected and analyzed responses from 300+ students to study ChatGPT usage patterns and learning behavior.
 - Applied Machine Learning models and statistical data analysis to evaluate educational outcomes and trends.

TECHNICAL SKILLS

- Programming & Languages:** Python, SQL, C (Basic)
- Machine Learning & Data Science:** Supervised Learning, Unsupervised Learning, Classification, Regression, NLP
- Libraries & Frameworks:** Pandas, NumPy, scikit-learn, Matplotlib, Seaborn, TensorFlow, Flask
- Databases & Tools:** MySQL, PostgreSQL, Git, Power BI, Tableau, VS Code, Jupyter, LaTeX
- Platforms & Operating Systems:** Windows, Linux, Raspberry Pi

CERTIFICATIONS

- AI GATI Hackathon:** Top 12 Finalist (2024): AI-based challenge participation, Machine Learning.
- Machine Learning:** Stanford University (2024): Supervised/Unsupervised learning, Neural Networks, AI.
- Data Analytics:** Google (2023): Data-driven decision-making, statistical analysis, Visualization.
- Website Design:** Internship Studio (2022): HTML, CSS, responsive web development, Frontend.

ACHIEVEMENTS AND ROLES

- Secured First Place in Avishkar (Engineering & Technology) and qualified for the State-level competition.
- Organized expert sessions, workshops, and technical events as Head of the Data Science Club, Fergusson College.
- Served as Event & Sports Coordinator at Fergusson College, managing academic, sports, and cultural events.
- Received the All-Rounder Award at Oasis International School for academic and co-curricular excellence.
- Represented Pune City as a State-level Handball Player in official inter-district tournaments.
